Monero

KON FER EN CO 2023

LOCATION

Paralelní Polis/La Fabrika
Prague, Czech Republic

SUBMISSION DEADLINE

3rd April 2023
@ 00:00 UTC

A technical conference in privacy and financial technology

Monero Konferenco strives to provide high-quality content that brings together global scientists, researchers, and subject-matter experts to present state-of-the-art developments in their respective fields. In addition to presentations that addresses the science, engineering, and the mathematics of blockchain technology, we are also keen to receive multidisciplinary submissions that touch on the wider implications of this emerging technology in relation to art, sociology, psychology, politics, philosophy, ecology, and law. Along with 20-minute presentations, we welcome 60-minute lectures, self-organized panel discussions with 3-6 panelist, and hands-on workshops/tutorials.

Topics of Interest

May cover, but not limited to:

- Cryptocurrency Laws and Regulations
- Human Rights and the Blockchain
- Unique privacy-preserving cryptographic methods
- Post-quantum cryptography
- Novel implementations of zero-knowledge cryptographic schemes
- Anonymous network layers/mix networks
- Applied statistics in traceability and decoy selection algorithms
- Use of Big Data, Artificial Intelligence (AI), Machine Learning (ML) in Blockchain Analytics
- Transaction de-anonymization techniques
- Privacy issues with layer 2 solutions
- Privacy-preserving smart contracts
- Cross-chain interoperability
- Novel distributed consensus protocols
- Environmental sustainability of consensus mechanisms
- Scalability issues with blockchain size
- Blockchain governance models
