The 6<sup>th</sup> Innovation and Analytics Conference and Exhibition (IACE 2025) will be held at the Tashkent State University of Economics, Uzbekistan, from 20-22 October 2025. We welcome papers that explore the latest theories, issues, and practices relevant to students, academicians, and practitioners, focusing on current trends in innovation and analytics across various disciplines. Aligned with our conference theme, "Leveraging Data-Driven Analytics to Craft Innovations in the Digital Era," this event provides an excellent platform to disseminate research findings, gain feedback, contribute to cutting-edge discourse, network with leading experts, and be part of a dynamic community advancing the forefront of knowledge in academia and industry. Topics covered include;

- Non-parametric Statistics
- Multivariate Statistical Techniques
- Probability & Stochastic Process
- Forecasting
- Spatial Statistics
- Quality Control
- Data Science
- Data Analytics
- Data Engineering
- Combinatorics
- Applied Mathematics & Statistics
- Number Theory
- Fuzzy Theory
- Algebra
- Game Theory
- Mathematical Finance & Actuary
- Numerical Analysis & Science Computing
- Mathematical Computer Sciences
- Operational Research
- System Dynamics
- Simulation & Modelling
- Heuristics
- Control Theory
- Cloud Computing
- Communication Networks & Security
- Technology & Supply Chain
- Artificial Intelligence
